

## Request for Statement of Qualification (RSQ)

First Publication – August 26, 2010

Second Publication – September 2, 2010

Eltopia Water Association  
Request for Qualification Data to  
Furnish Engineering Services

The Eltopia Water Association is requesting qualified engineers to submit statements of qualification to perform a scope of work, which includes providing engineering services through construction observation for a new water supply well including source approval. At the discretion of the Eltopia Water Association, the selected qualified engineering consultant may continue design and construction observation for the second phase of the arsenic remediation and water system improvement project which includes a new reservoir, booster station, and other distribution system improvements. For more information about the project, contact: Ivan or Cathy Halverson at (509) 297-4275 or (509) 727-2726.

One or more firms will be selected for an interview based upon the following criteria categories, weighted as indicated: Qualification of key personnel (2); Relevant experience as demonstrated on previous projects (2); Previous performance (1); Expressed interest in the project (1); Washington State Certified Minority Enterprise Participation (0.5).

Firms desiring consideration shall submit a complete qualification package and any other pertinent data to further assist the selection committee in evaluating the firm's qualification to: the Eltopia Water Association; c/o Ivan Halverson; 201 Tacoma St.; Eltopia, WA 99330. Qualification packages should be post marked no later than Thursday September 16, 2010. The most highly rated firm will be selected for an interview and negotiation of the professional service contract.

The project may be partially funded through the Washington State Community Development Block Grant Program with federal funds provided by the U.S. Department of Housing and Urban Development. As a result, cost plus percentage of construction cost contracts will not be allowed and a number of state and federal equal opportunity and affirmative action requirements will apply to the selection process and conduct of the project.

The Eltopia Water Association is an equal opportunity and affirmative action employer. Minority- and women-owned firms are encouraged to submit proposals.
